Do your TFA clients demand greater range of motion and comfort?

Empower your TFA clients with NU-FlexSIV Socket Technology!

Be in the vanguard of CPOs who provide subischial sockets for TFA clients.

Each NU-FlexSIV Socket session provides *NU-FlexSIV Socket Manual*, discussions, casting, rectification, subischial socket fittings, and troubleshooting:

- ✓ Subischial socket and vacuum technology concepts
- ✓ Assemble and fit this technology
- ✓ Practice using this technique
- ✓ Guidance for successful outcomes
